

## Just Joshin 2007 Sierra Foothills Tempranillo

Like a flip of the card, a cut of the deck, or a twist of fate, something whimsical this way comes. This **Sierra Foothills Tempranillo** is made for fun times and wherever they may lead. With a nose full of dusty leather and violets and a palate plump with wild flowers, leather, and red fruits—strawberry, cherry, plum—we made this wine for food, and we priced it for every meal. We gave it higher acidity so you can easily pair it with a wide range of foods, and we priced it low so you can have glorious times over and over again.
